Professional Summary

MBA Business Analytics graduate with experience in business analysis, reporting, requirements documentation, and cross-functional coordination. Delivered business requirements, performance tracking, and analysis to support better decision-making and process improvements. Brings 3+ years of experience in fast-paced VFX production environments, with a track record of meeting deadlines, maintaining quality standards, and collaborating effectively across teams.

Work Experience

Business Analyst Intern | Talentrise Technocrate Pvt Ltd | Remote **July 2025 - September 2025**

- Analyzed and re-verified 5,000+ business leads over 3 months, reviewing approximately 80–100 leads daily for relevance, accuracy, and duplicate records.
- Identified duplicate and irrelevant leads, improving the quality and reliability of lead data used for qualification and outreach.
- Coordinated daily lead-generation and tracking activities for a five-member team to maintain consistent workflow visibility.
- Evaluated leads against client requirements and project needs to support lead qualification and prioritization.
- Prepared 5+ Business Requirement Documents (BRDs) by gathering, analyzing, and documenting requirements for website and application projects.
- Collaborated with management and development teams to translate business requirements into clear and actionable project requirements.
- Created Excel and Google Sheets reports and dashboards to track lead activity, team performance, and business metrics.

Visual Effects Artist | DNEG | Mumbai **April 2019 – January 2022**

- Delivered high-quality VFX shots for international film and OTT projects under tight deadlines.
- Collaborated with compositors and stereo artists to ensure seamless visual output.
- Used tools like Nuke, Mocha, and Silhouette for rotoscoping, paint, and cleanup.
- Worked in multi-shift production environments, demonstrating strong time management.
- Adapted to feedback from supervisors to improve shot quality and meet client expectations.
- Contributed to training junior artists on best practices and shortcuts.

Industrial Trainee | PFAMES | Mumbai **March 2018 - March 2019**

- Worked as part of a film and visual production team.
- Supported the team in delivering projects within deadlines.
- Learned professional production workflows and quality standards.

Education

- **M.B.A. (Business Analytics) -- COEP Technological University, Pune.** **2024-2026**
- **B.A. (English) – Shivaji University, Kolhapur** **2019-2022**
